## ABOUT ME

---

A passionate **Full-Stack Developer** with a strong foundation in **Java, JavaScript, React, Node.js, Next.js, and PostgreSQL**. I hold a **B.Tech in Computer Science (2023)** and have hands-on experience in building scalable web applications. I have a solid grasp of **Data Structures and Algorithms (DSA)** and have solved **500+ problems on LeetCode** using **Java**, strengthening my problem-solving abilities. My expertise includes developing **full-stack applications** with modern frameworks, implementing **secure authentication**, and managing **databases using Prisma and MongoDB**. I am eager to contribute my skills in a dynamic environment and continuously learn new technologies to build efficient and user-friendly applications.
